

THE
HEBER REGIONAL
FAMILY HISTORY CENTER

It's humble beginnings.....

DEDICATION:

If not for the inspired diligence of
Dr. Raymond Green,
the first director of the
HEBER REGION FAMILY HISTORY CENTER,
who knows how soon, of if ever, the center
would have come about. When the
announcement came that the stakes should
plan to have their own family history centers,
he picked up the ball and ran.

His ears were already pricked because the
love of history had been one of his loves from
way back. When his High Council assignment,
from the Stake President came, to pursue the
possibility of a center in the area, the idea,
which had already blossomed in his heart, was
not considered a hardship in the least.

With the encouragement and dedicated
help of his wife Shirley, things moved swiftly
along.
